**DEPOSIT AVAILABILITY STATEMENT**  
**as of March 2022**

**HOW LONG DOES IT TAKE FOR FUNDS TO BECOME AVAILABLE?** The amount of time for funds to become available is measured in the number of business days that follow the day of your deposit. Every day except Saturday, Sunday and federal holidays is a business day. Deposits are considered received on business days. Deposits are considered to be received the same day for check hold purposes if received by 3:30 p.m. EST, Monday through Friday. Deposits made at an ATM are considered to be received the same day if received by 2:00 p.m. EST. The date and time of your deposit are listed on the deposit receipt provided by the Credit Union or the ATM owner.

Unless a check is given same day availability, you must have available funds on deposit in a Credit Union savings or checking account in order to cash that check. You will continue to be paid dividends on funds that are being held. Funds on hold will not be available for withdrawal or payment of checks or other items presented. Certain checks and other items are given same day or next day availability as follows:

EXCEPTIONS WHICH MAY RESULT IN LONGER DELAYS: There are some exceptions that may delay the availability of funds deposited by check for a few additional days. Specifically if;

- \* Checks deposited by new members will be subject to an additional two day hold for 30 days after the account is opened. Same day availability items are exempt from the longer hold. Existing members opening a new account are exempt from this requirement.
- \* The Credit Union has reason to believe that a check deposited or cashed won't be paid.
- \* Your check deposits exceed \$5,225 on any business day.
- \* You re-deposit a check that has already been returned unpaid.
- \* Your account has been repeatedly overdrawn in the last 6 months.
- \* There is a Credit Union and/or banking emergency, such as computer or communication problems.

If these exceptions occur, you will receive notification by telephone or in writing. Generally, delays won't extend more than two days beyond the normal hold period.

DEPOSITS MADE AFTER 3:30 PM EST MONDAY THRU FRIDAY: For check hold purposes, deposits made after these times are considered to be made on the next business day. For example, if you deposit a \$400 local check at 5:00 p.m. on Friday, the check is considered to be received as of Monday. The first \$225 is available on Tuesday, and \$175 is available on Wednesday.

POST-DATED ITEMS: Checks dated for the next business day may be deposited or cashed as usual. The check may not be presented to the paying financial institution until the date of the item. Checks dated for two or more business days in the future may not be deposited or cashed.
